The Sensational New BUDDLEIA

"ROYAL RED"

IN presenting Buddleia "Royal Red" we believe we are introducing a new hardy plant that will be the sensation of the plant world for years to come. "Royal Red" represents eight years of intensive breeding work, culminating in the first truly red Butterfly Bush.

As a hardy summer cut flower plant, and as an ornamental lawn shrub, "Royal Red" is unsurpassed in beauty and usefulness. From July until frost the plant produces an abundance of rich, dazzling red panicles that attract instant attention.

For garden planting, "Royal Red" is one of the most beautiful hardy plants that has ever been produced. The plant is hardy, grows four to six feet high, and the foliage is deep leathery green. The sturdy young pot plants we offer will flower abundantly the first year.

Pentstemon "FIREBIRD"

Price: 50c each, \$5.00 per dozen

THIS beauty came to us from Switzerland where it is known as Pentstemon Shonholzerii. The flowers are Foxglove-like in size, on stems about 18 to 24 inches tall, and are a most beautiful crimson overlaid with an orange sheen. The plant is easily grown, is free from insect pests, flowers freely, creates a lovely effect in the flower garden and is a cut flower par excellence. This plant is quite similar in growth to Pentstemon Garnet, flowering just as freely and is more hardy. Early orders, field grown stock. Later orders, 2 1/4" pot plants.
